DETERMINATION 35

In the Matter of Determining, Pursuant to
Section 5-p of the Waterfront Commission Act,
To Include Persons in the Longshoremen's
Register.

WHEREAS, the Commission, having suspended the acceptance of applications for inclusion in the Longshoremen's Register until further order by the Commission; and

WHEREAS, the Commission is empowered by Part I, Article IX, Section 5-p(1)(a) of the Waterfront Commission Act ("Act") to determine, on its own initiative, whether to accept or suspend the acceptance of applications for inclusion in the Longshoremen's Register; and

WHEREAS, the Commission has independently recognized that there is a need for an increase in labor in the Port of New York-New Jersey and has determined to open the deep sea Longshoremen's Register on its own initiative; and

WHEREAS, Part I, Article IX, Section 5-p(2) of the Waterfront Commission Act enumerates certain standards that the Commission must observe in administering the provisions of the Act pertaining to the opening of the register, including, *inter alia*: encouraging as far as practicable the regularization of the employment of longshoremen; bringing the number of eligible longshoremen more closely into balance with the demand for longshoremen's services within the Port of New York district without reducing the number of eligible longshoremen

below that necessary to meet the requirements of longshoremen in the Port of New York district; encouraging the mobility and full utilization of the existing work force of longshoremen; eliminating oppressive and evil hiring practices injurious to waterfront labor and waterborne commerce in the Port of New York district including, but not limited to, those oppressive and evil hiring practices that may result from either a surplus or shortage of waterfront labor; considering the effect of technological change and such other economic data and facts as are relevant to a proper determination; and protecting the public interest in the Port of New York district; and

WHEREAS, on September 9, 2013, the Contract Board of the New York Shipping Association, Inc. (NYSA) and the International Longshoremen's Association, AFL-CIO (ILA)(collectively, "NYSA-ILA Contract Board") requested that the Commission, on its own initiative pursuant to Part I, Article IX, Section 5-p(1)(a) of the Waterfront Commission Act, open the deep sea Longshoremen's Register for the addition of 532 longshore employees (craft 5) and 150 checker/clerks (craft 6) to fill current shortages and to replace the expected retirements of longshore employees and checkers who will be leaving the industry in April 2014; and

WHEREAS, pursuant to Part I, Article IX, Section 5-p(4) of the Waterfront Commission Act, where the Commission determines to accept applications for inclusion in the Longshoremen's Register on its own initiative, such acceptance shall be in such manner deemed appropriate by the Commission; and

WHEREAS the Commission has consulted with industry representatives of management and labor concerning their request for longshore employees, and has determined that the immediate addition of 150 longshore employees is appropriate in light of current shortages and

that the future addition of 382 longshore employees is appropriate in light of the expected retirements in April 2014; and

WHEREAS the Commission has consulted with industry representatives of management and labor concerning their request for checkers, and has determined that the immediate addition of 75 checkers is appropriate in light of current shortages and that the future addition of checkers is appropriate in light of the expected retirements in April 2014; and

WHEREAS, the NYSA-ILA Contract Board has advised that new additions to the longshore force will be recruited, referred and selected in accordance with the terms of the collectively bargained NYSA-ILA Recruitment and Hiring Plan (“Hiring Plan”), which provides that the referral process for new hires which is designed to increase diversity and employment possibilities to qualified individuals will include three designated sources: Military Veterans (51%), ILA (25%) and NYSA/Employers (24%); and

WHEREAS, the Commission has determined that the Hiring Plan is, in fact, appropriate if it is (1) implemented according to its terms; (2) not utilized as a means by which to deny particular groups of persons the opportunity to become longshore workers; and (3) not utilized as a subterfuge to permit a referral source to exceed the percentages allotted to it by the Hiring Plan through the inclusion of its referrals in other referral pools; and

WHEREAS, the NYSA-ILA Contract Board has referred to the Commission individuals from the three designated referral sources and has requested that such individuals be prequalified as to meeting the standards for inclusion in the Longshoremen’s Register; and

WHEREAS, the Commission has reviewed the Requests for Prequalification to Make Application to the Longshoremen’s Register submitted by the individuals referred by the NYSA-ILA Contract Board to the Commission, and has prequalified eligible individuals;
